Ways of the Lord...

...Surprise us!

6 Months in the USA

From February to August of this year we had a great family adventure in the US ☺ traveling, meeting new people, visiting good old friends. Now that I think about it, it was very unique trip for our family, we got to see and experience so many things all the way from places to climates from God's provision to trials of faith from time zones to endless hours of driving, from mountains to sea shores from changing beds every other day to living in a camper for 2 months ☺ We had a blast! Looking back at those 6 months we can only say that it was God's Ways for our life because we could have never planned something like this in any life and we were surprised by how He directed our paths to different Churches, families and places.

Sharing our testimony at the Word of Life Family Campground this summer

Right after we arrived to Ukraine, Grandpa and Grandma Shershun (Lena's parents) took Esteban and Gracia with them to their country come and they spent 3 weeks together. Lena and I stayed home at WOL and a week later I left for Barcelona, Spain to join the team there for my first staff retreat. It was a very special time since we had a joint staff retreat with the WOL team from France. A few weeks after I came back from Barcelona we started in Ukraine the Bible Institute year. On September 14, 1992 we arrived to Ukraine as a family, 20 years later I praise the Lord for the life of my parents, Jorge and Laura Radziwiluk, who are an example of life and love for the Lord. God used them to raise a ministry that has touched hundreds of thousands of lives. Today my family is leaving for WOL Spain, my sister, her husband and daughter are missionaries with WOL in Lithuania and my brother is serving as a missionary with his wife and daughter in WOL Ukraine. Our parents had set an example that we want to follow! Now is our turn to reach the next generation for the Lord.

We are thankful to the Lord that we can spend this time in Ukraine and as we wait God's time for our family to move to Word of Life Spain we want to be a blessing and useful in the place where the Lord has us. In September and October Juan Marcos will be teaching in the Ukraine Bible Institute. While we wait for documentation for our visas and the rest of the support to come in we'll be working on two fronts, in Ukraine and also on some projects for Spain, right now I'm working on a few video presentations for Spain, taking over the social media communications and everything else my Spain director sends my way. Lena is helping in the Ukraine Bible Institute with the girl students. There is always something to do around here ☺ Esteban and Gracia are enjoying this time but they are ready to settle in one place.

We'll love to keep in touch with you and pray for you! Please check out our website:

Spain Staff Retreat

On August 26-31 I had the privilege to go to my first WOL Spain staff retreat

The event was organized in the beautiful coast of the Mediterranean sea near Barcelona. We had the team from WOL France join us and we shared a wonderful time of fellowship and refreshment in the Word of God that was brought by Pastor Jim Law and Bryan Robertson from First Baptist Church Woodstock. It was a blessed time.
